15. [redacted] JSW) Mr. Velde, in the office of Senator Roman L. Hruska, called. The Senator would like a bibliography and reading materials or illustrations showing mistreatment or prejudices or slightings of American Nationals in the Soviet Union for use in the current Senate debate on the consular treaty. Also, some statements appeared recently in official publications concerning the Soviet Union's long-term goals as they approach their 50th year. The Senator would like some representative samples of these particularly if they show there is no basic change in their long-term objectives.
